

FIRST TO FEEL THEIR IRON HEEL

Dr. Walter R. Gillette, Former Vice President of Mutual Life, Is Found Guilty of Perjury.

RECOMMENDED FOR MERCY
CHARGE WAS SWEARING FALSELY BEFORE GRAND JURY.

New York, Oct. 24.—The first conviction in the cases based on the disclosures in the legislative investigation of insurance affairs in 1905-6 was obtained by the district attorney's office here when a jury in the criminal branch of the supreme court found Dr. Walter R. Gillette, former vice president of the Mutual Life insurance company, guilty of perjury in the third degree. The verdict was accompanied with a recommendation for mercy. The maximum penalty for this degree of perjury is ten years' imprisonment.

Upon the report of the jury, counsel for Dr. Gillette moved for a certificate of reasonable doubt and an arrest of judgment. Justice Dowling announced that he would hear the motion next Monday, and in the meantime remanded Dr. Gillette to the House of Detention.

Dr. Gillette is 67 years of age, and is well known in medicine, from the practice of which he retired some years ago. He was born in Philadelphia.

Testified Falsely.
The specific charge upon which Dr. Gillette was found guilty was that he had testified falsely before the grand jury on May 24, at which time he was vice president of the Mutual Life insurance company. The indictment alleged that at that time, under examination by District Attorney Jerome, he testified that certain moneys in the Dobbie Perry fund were his personal funds, and that subsequently, under cross-examination, he admitted the funds were really the property of the Mutual Life.

When the trial was continued today, a motion to dismiss the indictment on the ground that the constitutional rights of the defendant had been violated in that he was compelled to give testimony against himself before the grand jury, and that he had not been given the right to have a jury of his peers, was denied.

Appeal of Counsel.
Several witnesses swore to the reputation of the defendant for integrity, after which former Justice Hatch summed up for the defendant. His client, he said, had been made a scapegoat while the really guilty officers of the insurance companies had escaped prosecution. The Dobbie Perry fund, he said, had been given the defendant by President McCurdy of the Mutual Life, and his client had the money subject to McCurdy's orders. Whatever disposition was made of the money, his client was free of responsibility. Later he requested the court to set aside the verdict and to grant him a new trial.

Secretary at Subig Bay
Naval Station at Olango Inspected by Taft—Will Start for Home, Nov. 19.

Manila, Oct. 24.—Secretary Taft and party, including the Philippine commissioners, Generals Wood and Bliss, and Rear Admiral Hemphill, today visited Subig bay, inspecting the naval station at Olango and the fortifications now being built on Grande Island, at the mouth of the bay. The secretary expressed no opinion in regard to the work. A secret conference on shipping and the time of the party before leaving.

Corner-stone of New Custom House Laid
San Francisco Oct. 24.—The corner-stone of the new San Francisco customs house was laid at noon today in appropriate ceremonies, under the auspices of the chamber of commerce and the Merchants' exchange. A detail of marines acted as escort to a procession of prominent business men and other citizens who marched from the Merchants' exchange building to the customs house site at Battery and Jackson streets. The corner-stone was laid by Collector of the Port Stratton, and addresses were delivered by United States Senator Perkins and Mayor Taylor. The building will cost \$1,500,000 and will be one of the finest structures of the kind in the United States.

"LITTLE ALTON" CASE
SET BY JUDGE BETHEA
Chicago, Oct. 24.—What is known as the "Little Alton" case against the Standard Oil company of Indiana was today set for trial on January 6 by Judge Bethea of the United States district court. In this case the Standard is charged with the acceptance of rebates from the Chicago & Alton railroad on shipments from Chicago to St. Louis, after the change in the division of northern judicial district of Illinois, which occurred March 3, 1905. The indictment, which was returned last year, contains 134 counts, similar to the 1,483 counts of the indictment which resulted in the fine of \$2,240,000 by Judge Lard. Each offense is punishable by a maximum fine of \$25,000. If the Standard Oil company is found guilty on all of the counts it will be subject to a fine of \$2,680,000.

PETITION FOR WRIT.
Washington, Oct. 24.—A petition for a writ of certiorari for the transfer of the rebate cases of the United States against the Great Northern Railway company was filed today in the supreme court of the United States. The case arose out of the alleged granting of rebates on shipments of goods from Minneapolis to Seattle and the federal court in Minneapolis found the road guilty on each count and imposed a total fine of \$15,000. The circuit court of appeals affirmed that verdict, and the company now asks the supreme court to review the entire case.

MUNYON'S GREAT GIFT

His Remedies to Be
Given Away Absolutely Free.

Ten Thousand Bottles of His Guaranteed Rheumatism Remedy, Also 10,000 Packages of His Famous Paw-Paw Liver Pills, Will Be Distributed from The Herald Office, 167 South Main Street.

Distribution Opened This Morning at 8:30 O'Clock, Continuing Until 6:30 at Night.

EVERYBODY INVITED

Every Sufferer of Rheumatism Is Asked to Call and Get a Free Bottle.

Professor Munyon of Philadelphia, Pa., has decided to make another distribution of his guaranteed Rheumatism Remedy. This makes the fifteenth distribution Professor Munyon has made in this city. His proposition is certainly a fair one. He does not ask the people to invest one penny. On the contrary, he invites everybody to call for a free bottle. Even the greatest sceptics must admit that this is a fair and generous proposition.

It is said that Professor Munyon has made millions of dollars by this liberal plan. His remedies are said throughout the civilized world, and he claims that his Rheumatism Remedy has cured more rheumatisms than all the doctors and medicines that have ever been compounded.

From the testimonials that have been published from the leading people of the world it would seem that his statement is fully justified. He certainly must know that his remedies will do all that he claims for them or he would not distribute them free.

Column after column of testimonials have been published in the leading papers from well known citizens who have been cured by his Rheumatism Remedy. His remedies are guaranteed under the Pure Food and Drugs Law, and Professor Munyon states that they contain no opium, cocaine, morphine or other dangerous drugs.

He claims that his Rheumatism Remedy relieves all rheumatic pains in from three to five hours, and generally cures before one bottle has been taken.

3X RHEUMATISM REMEDY.
Where our regular 2-cent Rheumatism Remedy fails to cure we strongly recommend our 3X Rheumatism Remedy, which has been prepared expressly for chronic and obstinate cases. This remedy should be used in every instance where the joints are stiff or swollen, or have become chalky. It is especially recommended for lame backs, sciatic pains, lumbago, swollen limbs, and where there is great inflammation. It is put up in a large bottle, and sells for \$1.

I want every chronic rheumatic to throw away all medicines, all liniments, all plasters and give MUNYON'S 3X RHEUMATISM CURE a trial. No matter what your doctor may say, no matter what your friends may say, no matter how prejudiced you may be against all advertised remedies, go at once to your drug store and get a bottle of MUNYON'S 3X RHEUMATISM CURE. (He will get it for you if he has none in stock.) There are 100 doses in a bottle, and as one bottle will take away all aches and pains, and cure generally before one bottle is used.

Remember, this remedy contains no opium, no cocaine, no morphine, or other harmful drugs. It is put up under the guarantee of the Pure Food and Drug Act—MUNYON'S 3X RHEUMATISM CURE. He states that in every case where one buys his remedies and they do not cure or give satisfaction, he will refund the money. Certainly nothing could be fairer.

Prof. Munyon assumes all the risk. He is the only one who can refund the money for free samples of his Rheumatism Remedy, as he wants the full truth to be known about this wonderful remedy.

A CURE FOR EVERY DISEASE.
3-X Kidney Remedy. For old chronic and obstinate cases. We recommend our 3-X Kidney Remedy, contains 100 doses, and one bottle usually effects a cure. Price \$1.00.

Munyon's Vitalizer restores lost powers to weak men. Price \$1.

A separate cure for each disease. At all drug stores, mostly 25 cents a vial.

If your drugist is not provided with the Remedy you need and cannot present you with a copy of the "Guide to Health," a valuable little medical publication that should be in every home, or if you need medical advice write for it direct to MUNYON'S LABORATORIES, Philadelphia, Pa. Physician's advice free.

Nothing in medical science is more direct and more reasonably certain than the action of Dr. Williams' Pink Pills in cases of anemia, a disease which is literally a condition approaching bloodlessness and which, if neglected, inevitably results in decline and death. Anemia is stealthy in approaching its victim and often is well advanced before it is detected. On this account it is necessary to begin treatment as soon as the first symptoms are noted.

An Albany Teacher Cured.
Miss Jennie E. Bouton, a teacher, living at 45 Second street, Albany, N. Y., says: "Confinement in the school room brought on anemia. Any exertion made me short of breath and I had to stop at nearly every step on going up stairs. I had no color in my cheeks or lips and my ears were transparent. I had dull headaches and faint spells. I had a doctor but received no benefit until I tried Dr. Williams' Pink Pills. They cured me and I have never been ill since."

Dr. Williams' Pink Pills

cure anemia and all anemic conditions because they actually make new blood. They are not a cure-all. They do this one thing and they do it well—they make blood. 50c. per box; six boxes \$2.50 at all druggists. Dr. Williams Medicine Co., Schenectady, N. Y.

UTES THREATEN TROUBLE

War Department Sends Troops to Cheyenne River Reservation to Prevent Outbreak.

Washington, Oct. 24.—The tribe of Ute Indians, which more than a year ago wandered away from their reservation in Utah and created trouble in Colorado and Wyoming by threatening to take the war path and raid ranches, is reported to have again broken out on the Cheyenne river reservation in South Dakota, where the tribe was given temporary quarters. At the request of the secretary of the interior the war department today ordered troops to move on the reservation to prevent an outbreak.

The character of the outbreak is not known here. Colonel Downs, a special agent of the Indian office, is at the Cheyenne reservation and a telegram was received from him saying that the Utes had been unusually quiet; that troops were needed. Fort Meade is about 100 miles from the reservation, and it will be necessary for the cavalry to make a cross-country "chase" to the reservation in Utah and take the road the last time. The secretary of the interior finally agreed that the Indians would not be compelled to return to Utah, but that they must settle down on some reservation. At the Utes' request, the Cheyenne river reservation was selected and two townships were leased for a period of five years in order to supply them with homes.

There are about 60 of the Utes involved, including many young Indians, among whom the greatest dissatisfaction has been shown.

Omaha, Neb., Oct. 24.—A request was received at army headquarters here from the Indian agent at Cheyenne reservation for troops from Fort Meade to subdue the Indians who were threatening to take the war path last year from Utah. No particulars as to the outbreak. The regiment stationed at Fort Meade was recently sent to the Philippines so there is not a sufficient force there to send against the Utes. General Crook, however, given for all the troops now at Meade and those at Fort Robinson and the one troop at Fort Des Moines to be in readiness to move on short notice.

Pierre, S. D., Oct. 24.—Reports from the Cheyenne reservation today say the threatened outbreak of Ute Indians was controlled before dark by the Indian police of the reservation. The Utes showed signs of starting serious trouble and the situation became so threatening that the officers in charge called for troops to control the redskins.

KILLED HIMSELF.
Panama, Oct. 24.—Dr. F. R. Cross of Oregon, a prominent dentist, committed suicide here today.

BURIED IN GRAVEL.
Kaysville, Oct. 24.—While William Nance and a number of others were loading gravel near the mountain this morning, the bank caved in and caught Mr. Nance, burying him beneath a mass of rocks and earth. The prompt action of the other haulers who dug him out saved the young man's life. As it was he was badly cut and bruised. A wagon belonging to Frank Williams was smashed by the gravel. The sad news has reached here of the death at Big Horn, Wyo., of Wylder Hatch, a brother of Mrs. J. H. Grant, Jr., of this place. Mr. Hatch stepped on a rusty nail some two weeks ago, and death resulted from lock-jaw. It is understood that funeral services over the remains will be held at Big Horn tomorrow, and the remains will then be brought to Wood's Cross, where the deceased formerly resided, for interment. Mr. Hatch was about 35 years of age, and leaves a wife and four children.

The cannery companies of Davis county are having an excellent run this year. All of them are working full time, as they have been for over six weeks, and an immense pack of tomatoes is assured. The quality of the product of this year's run will be first-class. The only difficulty that has thus far been encountered has been the scarcity of girls to do the peeling. In some cases loss has resulted from the inability of the companies to get enough help to handle the abundant crop of tomatoes.

MODEST REQUEST.
(Chicago News.)
Sandy Pikes—Lady, could you help a poor man dat has just found a sample package of indigestion tablets? I had-Have you? Sandy Pikes—Why, you can give me a good solid meal of rich foods, so I can get the indigestion and try de tablets.

ANOTHER RUN ON TRUST COMPANY

Depositors of the Union, at Providence, Cause Flurry in Rhode Island Capital.

Providence, R. I., Oct. 24.—Depositors at the Union Trust company in this city began about noon today withdrawing their money. Before the close of banking hours large amounts had been paid. Maraden J. Perry is president of the Trust company. He is also connected with the Trust Company of America, the New York institution which for two days has withstood unusually heavy drain.

The Union Trust company is an old and well-known institution. It operates several branch offices in the state.

Plenty of Money on Hand.
The fact that unusual withdrawals were being made did not become apparent until afternoon, and when it became known a rapid demand developed. By 2:30 a long line of depositors were waiting. The paying continued to the close, and waiting depositors were informed by Vice President and Secretary Dooley that the business would resume tomorrow. He said those who had withdrawn their accounts were mostly small depositors, and that the company was amply able to meet all demands. The company's last statements showed deposits of \$3,700,000; resources, \$51,222,895.

Company Solvent.
New York, Oct. 24.—Marsden J. Perry, who has been devoting himself to the affairs of the Trust Company of America during the past two or three days, was seen at 9 o'clock by the Associated Press. He said that he had no particular solicitude as to the affairs of the Union Trust company of Providence; that the organization was unquestionably solvent and able to pass through any crisis it was likely to meet. He said he would, however, take the matter in hand at once.

NO ACTION TAKEN.
Milwaukee, Oct. 24.—No formal action has been taken on any of the problems before the Commercial Telegraphers' Union of America convention. Vice President W. W. Beattie, now acting president, is strongly opposed to electing a president at this meeting. He believes that no action to supplant Small should be taken before the regular convention next June. D. L. Russell of New York and D. G. Jones, a Chicago delegate, and some of their friends are urging an election at this meeting, the two mentioned being candidates for the office.

Seek an Amalgamation.
Milwaukee, Oct. 24.—The Commercial Telegraphers' convention at midnight passed a resolution calling upon the Order of Railway Telegraphers to amalgamate with the Commercial Telegraphers' union of America, and that the railroad telegraphers should call a convention as soon as possible to act upon the subject.

EXTENDED CONFERENCE.
Washington, Oct. 24.—After an extended conference with President Roosevelt today, in which he said that New York subjects had been discussed, Attorney General Bonaparte announced the appointment of Elmer E. Todd to be United States attorney for the western district of the state of Washington. Mr. Todd succeeds Foster C. Sullivan, resigned.

An unexpected, unprecedented move in the Walker Store shoe section

A protracted, long drawn period of mild fall weather has played havoc with our shoe business.

Days and days when we thoroughly expected to sell hundreds of pairs of shoes, and bought accordingly, have slipped by with very little demand for high cut footwear.

Our heavy stock has remained almost untouched, and there are hundreds and hundreds of dollars' worth of shoes due here right now in our second shipment.

The very unusual weather proved our undoing—you reap the harvest.

Prepare for what is sure to come—buy while prices are reduced, as we must make room for the fast arriving cartons.

Friday and Saturday—two days—we will make up for lost time. Note these numbers. New, correct, up-to-date stuff. The kind of footwear you like to wear and others like to see you wear at prices, considering the completeness of the stock, almost fatal to profit-making.

500 pairs of women's patent colt Blucher cut, Goodyear welt shoes; also gun metal dongolas in new, snappy lasts. You select at, the pair, Friday and Saturday	\$2.85
476 pairs of women's dongola extension sole shoes, Blucher cut, a line of splendid values at \$3.00 the pair, Friday and Saturday, the pair	\$2.35
Misses' and children's school shoes in plump dongola stock, with patent tips and extension soles. Splendid \$1.45 to \$1.65 values, Friday and Saturday, the pair	\$1.25
1,000 pairs of infants' and children's white and tan top shoes with patent boxing; also all black in lace and button styles, worth \$1.25 to \$1.50 the pair, Friday and Saturday	95c

Friday and Saturday, two days, behave, don't postpone your shoe purchases any longer.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.
You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.
G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
